

**HERAMB GROUP**  
INTERNATIONAL

# *From Origin to Destination.*

Global Agricultural Commodity Trading

Company Profile · 2026

Head Office: Dubai, United Arab Emirates

## ABOUT US

### *A trading house built on origin relationships.*

Heramb Group is an international agricultural commodity trading company headquartered in the United Arab Emirates. We connect smallholder and commercial harvests across Africa and South America with industrial buyers across Asia — moving cotton, sesame, pulses, gum arabic, coffee, soybeans, groundnuts, animal feed and leather at vessel scale.

With procurement offices in Sudan, Chad, Nigeria and Brazil, and a buyer network across India, China, Bangladesh, Pakistan, Turkey and Vietnam, we manage the full origin-to-destination chain: sourcing, quality control, cleaning and grading, bagging, inland logistics, port operations, vessel chartering and documentation.

## WHAT WE TRADE

### *Portfolio*

Commodity	Specification	Primary Origin
Cotton	Long & medium staple	Brazil, Nigeria
Sesame Seeds	Whitish, mixed, hulled	Sudan, Chad, Nigeria
Pulses & Beans	Pigeon peas, chickpeas, kidney beans, soy	Brazil, Nigeria, Ethiopia
Gum Arabic	Hashab & Talha grades	Sudan, Chad, Nigeria
Coffee	Arabica, Robusta — green beans	Ethiopia, Brazil
Groundnuts	In-shell & kernels	Sudan, Nigeria, Brazil
Animal Feed	Soya meal, DDGS, cotton seed cake	Brazil, Nigeria
Leather	Wet blue & finished hides	Sudan, Nigeria, Ethiopia

## GLOBAL FOOTPRINT

### *Sourcing in five origins. Selling to six destinations.*

**Procurement offices** — Khartoum (Sudan), N'Djamena (Chad), Lagos & Kano (Nigeria), Cuiabá (Brazil).

**Buyer markets** — India, China, Bangladesh, Pakistan, Turkey, Vietnam.

**Head office** — Dubai, United Arab Emirates. Trade, finance, vessel chartering and documentation are coordinated from the UAE so that title, money and cargo move in lockstep across time zones.

## WHY HERAMB

### *What sets us apart.*

- **Direct origin sourcing.** Our buyers walk the fields. No layered middlemen between the smallholder and the vessel.
- **Live Origin Opportunities desk.** Buyers see the same crops we are pricing — by origin, by season, by grade — before they hit the broader market.
- **Quality controlled at origin.** Pre-shipment inspection, third-party SGS / Bureau Veritas attestations on request, and our own warehouse QC team.
- **Logistics on our balance sheet.** Inland trucking, port handling, container and breakbulk chartering — single point of accountability.
- **UAE trade finance backbone.** LC, CAD, TT — structured to fit your treasury cycle.
